Ten In Antioch Race For Village Board

Voting should be lively in Tuesday's election for members of the village board. There are ten candidates for the three seats on the board. The polls will be open from 6 a. m. to 6 p. m. in the old Village Hall at 875 Main St. Election judges are Carlo Horan, Mary Ellis, Zella Larson, Lila Palinski and Evelyn Frazier.

Terms of office of David Nissen, Roger Williams and Irving Walsh are ending. Walsh is the only one of the three who will be running for re-election.

Incumbent Walsh heads the People's Party slate. His running mates are Richard Radke and Richard Burnette.

Under the Progressive Party banner is a slate made up of Sam Lombardo, Steve O'Higgins and Robert Schroeder.

Four candidates are running as Independents—Richard Daniel, Charles Cernak, Eugene Diemer and George Boyd, Jr.

Irving Walsh, incumbent, on the People's Party slate, has served one term on the village board. He is chairman of the Salaries committee, and is a member of the following committees: License & Licensing, Finance & Audit and Insurance.

Walsh is employed at Antioch Lumber & Coal Co. He's a lifelong resident of Antioch. He and his family live at 471 First St. His family is wife, Eleanor, daughter Susan, 10 years old, son Robert, 8, and daughter Diane, 7. All three children attend Antioch Grade School.

Irv is a member of the Antioch Fire Dept., the treasurer and Assistant Chief. He's given up activities in other organizations—"with the village board and the fire department, that's all I can handle," he says. "And if you can't do a job, you might as well get out."

"I've served a term on the village board," Irv said. "And I think I can do a good job for the village, as I hope I have during my first term. I think I've done a good job."

Richard Radke, 493 Orchard St., is a member of a long-time Antioch family.

"We've enjoyed our first year in this new building so much that we decided to celebrate," said President William Brook.

Coffee and cake will be served during the day.

Radke's Barber Shop has operated on Main St. for 70 years and was started by Dick's grandfather.

Dick is 35 years old. He and his wife, Louise, have two children, Richell, 11, and Keith, 6. Dick's parents lived in Waukegan for seven years when Dick was a child, then moved back to Antioch and again took over Radke's Barber Shop. Except for four years service in the Navy, from 1952 to 1956, Dick has spent his adult years as a barber in his father's shop.

He's a graduate of Antioch Grade School and Antioch High School, a member of the Lions Club, sponsors and bowls on a team in the Thursday night Businessmen's Bowling League, and is a member of Antioch's first zoning board.

If Dick wins election to the village board, he'll have to resign his position on the zoning board.

"I've lived in Antioch all my life, am a businessman here and am interested in the welfare of the town," Dick said. "That's why I'd like to be on the village board—to do what I can to see that things are done that need to be done."

Richard Burnette, the third candidate on the People's Party slate, lives at 917 David St. He and his wife, Lillian, have a son Gary, and a daughter, Alice, 12.

Dick was born in the Antioch area and grew up here.

His parents lived near Emersons School, then moved to Lake Villa for a while, then back to Antioch. He graduated from Antioch Grade School in 1932 and Antioch High School in 1936.

Dick served in the U. S. Army from 1943 to 1946. He's a member of the VFW. One of his hobbies is bowling.

"I'm interested in the village," Dick said. "I've attended several board meetings, as a spectator, and I'd like to be a member of the board and have a hand in serving the people of the village."

Sam Lombardo, 251 Maplewood, is president of the Oakwood Knolls Property Owners Association. He grew up in Chicago, attended St. Philip Parochial School and Waller High School. He moved to Antioch in 1954.

He and his wife, Frances, have four children. Frank and Carol are graduates of Antioch High School. Pat is a junior at Antioch High, and Sam, Jr., attends St. Peter's School.

Mr. Lombardo is a veteran of World War II and received a bronze star.

"I'm familiar with the needs of the community and interested in the progress of the village," Lombardo said. "That's why I'd like to serve on the village board."

Robert Schroeder, 486 Ma-

(continued on page 5)

Groundbreaking For St. Stephen Sunday

Groundbreaking for the new St. Stephen Lutheran Church of Antioch will take place this Sunday, April 16 at 10:45 a. m., immediately following regular 9:30 a. m. worship. The congregation is presently meeting in the Antioch High School.

Guest preacher at the worship will be the Rev. John Freed, Shepherd of the Lakes Lutheran Church, Grayslake. Mr. Leroy Boncz, of Boncz & Maass Architects, Bensenville, will be present for the groundbreaking ceremony. Ev Oftedal, Building Committee Chairman, will participate in the exercises as well. Other members of the well-working committee are: Ed Gustafson, William Kohl, Phil Rich, Ken Rentner, Robert Broch and Norman Golden.

The St. Stephen congregation was organized on May 2,

1965. Membership has grown since then to include 250 baptized members. The congregation is presently entering into what will eventually be a three-unit church complex. The groundbreaking this Sunday is for the first unit, which is designed to be an educational building but will also serve as a worship center.

The Frank Benes Construction Company of Antioch has been engaged by the congregation as the general contractor. The board of American Missions, Lutheran Church in America, has guided the formation of the new congregation since worship first started, and has approved the signing of contracts and construction. The church site is located at the intersection of Rt. 59 and Hillside Ave., Antioch.

Women Of Moose Help Vietnam Project

The Women of the Moose pitched in to help the post office personnel package "goodies" to send to Antioch area boys serving in Vietnam last Monday night.

Harry Brehen and Joe Wolf worked with the women in preparing three packages for each boy on the list that the post office has. One contained an assortment of small items, including Kool Aid, dehydrated soup, pen, combination knife, cigar lighter, flints, etc. Another package contained crullers and other tidbits from the Merry-Go-Round Bakery. The third contained writing paper and Paper Mate pens and a plastic bag, another item that has been high on the list of wanted items for the boys. The

plastic bag helps keep the dampness of the highly humid country from personal belongings.

We listed the names of all boys serving in Viet Nam whose names have been turned in at the post office last week. We inadvertently omitted the name of Dennis Murphy, 321 Oakwood.

Here are two new names recently submitted to the personnel at the post office: A. 2c Joseph W. Anzinger, AF 16B17493, 37th Combat Support Group, PACAF, APO San Francisco, Calif. 96368

Pfc Glen G. Vynalek, US 54807757, Btry B, 20th Arty (SLT), APO San Francisco, Calif. 96238.

Packages are sent to all personnel from the Antioch area in Viet Nam regularly, from the people of Antioch. The project was started by the Antioch post office personnel, and they handle all the details.

Recent donors to the Viet Nam project are Helen Hoefler, Floral Acres, Laura Swanson, Mrs. Grefkovic, Wayne Solanen, Mary Chase, Antioch News, Pickard, Inc., Lorna Buchert, Mrs. John Craner, Helen Wellman, Florence Baer, Mr. and Mrs. Petersen, Henry Lubkeman, Mrs. A. Bishopberger, Mrs. A. Bywell, Mrs. Richard Ohlgren, Joe & Helen's Little Acres, Fritz & Gustave Frank, Florence Markwart, Al Schroeder, Mrs. Robert Hart.

Memorial Coin To Finance Jubilee

There was a good turnout for the diamond Jubilee planning meeting last Thursday night, with most organizations represented and reporting on plans.

The date for the parade was definitely set for Sunday afternoon, August 6. The parade will organize at 1 p. m. and start at 1:30 p. m.

A decision was made to have Memorial coins made. Sale of the coins will provide funds to finance the celebration. Information about the coins was presented by Gus

Costoff, chairman of the Finance committee. The committee hopes to have the coins available by June 1.

Firemen are planning a dance for Saturday night, August 5, so the Jaycees will hold their Beauty Pageant the preceding Saturday night, July 29. The crowning of the Queen will take place as usual at the Lions Club Barbecue on August 6.

Firemen are also going to try to have a water fight scheduled for that weekend. Robert Wilton is coordinating chairman of the Jubilee

celebration. He will keep a time schedule of various activities planned for the three-day celebration, and organizations should contact him in regard to setting a time for their particular activity.

The next meeting for planning the Jubilee celebration will be held Thursday, May 4, at the village hall.

Open House At State Bank

The State Bank of Antioch is holding an Open House Saturday, April 14, from 9 a. m. to 3 p. m. to celebrate the first year in their new location on Lake St.

"We've enjoyed our first year in this new building so much that we decided to

Celebrate 50 Years In Business

The Antioch Lumber & Coal Co. will be celebrating its fiftieth Anniversary throughout the month of April. For fifty years, the company has served Antioch and the surrounding area from its location at the corner of Depot & Coronado Sts.

The old frame building in which the business started was replaced in 1952 by a modern structure of brick and glass, with a spacious showroom for display of its growing and varied stock.

Several prizes will be given away at the end of the month-long celebration, and everyone is invited to come in and visit and share in the prizes and treats that will be available.

Edmund F. Vos is president of the Antioch Lumber and Coal Co. The company was formed by his brother, Herbert J. Vos, and Conrad Bushman in 1917. However, under other names and other owners, the lumber company has been part of the history of Antioch since the late 1800's.

First known as the Wilbur Lumber Co., the Goodrich Lumber Co. took over the business in the early 1900's. In 1915, Conrad Bushman bought the lumber company and re-named it the Bushman Lumber Yard. Two years later, Herbert Vos joined the company, and the Antioch

Edmund Vos

Herbert Vos died in 1937, and his widow, Mrs. Nellie Vos sold out her interest in the business to Edmund Vos.

Two more of the Vos brothers were active in the business for many years—Cletus, now retired, and Roman Vos, who joined the company as General Manager in 1939 and retired about two years ago.

The Lumber & Coal business has changed radically in the years that Edmund Vos has been connected with the business. Coal used to be an important part of their business—now it's down from a former average of 15,000 tons a year to about 600 tons.

The lumber business, on the other hand, has grown and changed. New items are continually being developed and added, so that dealers must carry an ever-growing and changing stock. Growth of easy transportation has brought more vigorous competition, too. "Now we have to compete with Chicago and Milwaukee, price-wise," says Mr. Vos.

During the second World War, Mr. Vos reminisces, they ran a lumber yard virtually without lumber. The priority system was in effect, and the government controlled the sale of lumber. The Illinois Building News, a magazine dedicated to news of the building trades, carried a pic-

ture of the empty warehouses of the Antioch Lumber & Coal Co. on its cover for the issue of February, 1946. In the story concerning the cover page, the magazine says, "The cover page of this month's magazine is reproduced from two photographs of the Antioch Lumber and Coal Co., Antioch, Ill. in December of last year."

"This is a good-sized yard and normally carries a half million feet of construction lumber. These photographs were not taken to tell lumber dealers a story they can match in their own sheds, but were sent to Washington as evidence to governmental agencies of the distressing conditions of inventories."

Edmund Vos was born in Burlington, Wis., but has been an Antioch resident since he joined his brother in the lumber company in 1921. He has been active in community affairs, having served on the village board 12 years; he is a charter member of the Antioch Lions Club; a member of the Moose throughout his adult life; is a Director of the Lake County Water District, and a Director of both the First National Bank of Antioch and the Lake Villa Trust & Savings Bank.

The Women of the Moose—and some of the men—lent a helping hand to the Viet Nam project Monday night, packing and addressing packages for overseas

mailing. Left to right, Shirley Gehrls, Mildred Stroner, Harriet Grewe, Mildred Gillum, Harry Brehen, Alice Young and May Palmer.

Clean-Up Time

It's Spring, and spring is automatically clean-up time. Every homeowner takes advantage of the first warm days to clean up the winter's accumulation of trash from house and yard and to repair winter damage to lawn and garden.

When the warm, lazy days of summer comes, the homeowner can view his domain with pride. Everything neat and trim, inside and out (providing, of course, that he puts in his weekly stint at the lawn mower, fights crab grass, and a few other little details.) But he can fight these, with a minimum of time and effort, if he prides trimness.

Wouldn't it be wonderful if it were this simple to clean up our lakes and streams, and the air pollution which is becoming a major threat in every large city? It won't be long now and the lakes which add so much to the beauty and pleasure of our area will be coated with the green scum of algae, telltale evidence of man's misuse of them as a dumping ground for his refuse.

Unfortunately, each man can't take a rake, a scrub brush and soap to his particular share of the nation's streams and produce a tidy, sanitary lake. This requires cooperation on an interstate basis, and this is when man runs into trouble.

Who pays for what? If I put in sewers, will you put in sewers? And who's polluting these streams? And back to the fundamental question that has held back progress in this area—how much will it cost?

Whatever the cost, some day it must be paid. Before too many years, some solution to the sewerage problem must be found. Some solution that does not include polluting our natural resources.

The states and smaller communities are making no progress in this area. That leaves it up to the Federal government. And undoubtedly, when the states fail to move, the national government will.

It will probably cost us more, on a national scale, but it will be well worth it.

Courthouse Notebook

BY LOU DURKIN

Despite predictions of doom for some of the members of the Lake County Board of Supervisors whose posts were on the election block last week there was virtually no change in the power alignment as a result of the balloting.

The only incumbent seeking re-election who was unseated was Waukegan Assistant Supervisor Taisto. Aho which means the loss of one vote for the forces which last year elected Lloyd Murrie, of Antioch, as Chairman of the Board.

Aho, running as an independent, was crushed by the bi-partisan slate headed by Supervisor August Cepon which re-elected two incumbents and two newcomers.

Aho and Cepon, running mates in past year, split two years ago in the chairmanship race with Aho supporting Kenneth Henke, of Benton, against Cepon and being rewarded with appointment to the Lake County Building Commission and subsequently being elected chairman.

It will be interesting to see if Aho, after his defeat at the polls, resigns as chairman and member of the commission, which was headed from the start by Cepon.

Elected along with Cepon for the first time were Democrat Matthew Graber and Republican William Lea, while Joseph Nemanich and Dr. Roland Sandee were returned to office by Waukegan ownership voters.

Initially, at least, Graber and Lea can be expected to follow Cepon's lead in board matters.

Deerfield Township was the only other area to produce new board members with Supervisor Frank B. Peers carrying Mrs. Grace Stern, wife of Democratic Congressional candidate (Hub) Stern, into office on his slate.

Peers edged Robert Moro-

ney in a tight three-man race for Supervisor, but John Frantoniou, a Moroney running mate, captured the second assistant supervisor vacancy.

Peers and Mrs. Stern can be expected to oppose the leadership represented by Cuba's Joseph Welch and Libertyville's Guy Grinnell, but Frantoniou will probably join their forces creating a standoff there.

Cleaning of the lower reaches of the Des Plaines River is nearing completion on the second stretch and additional money will be asked to carry on further, according to Supervisor Depke, chairman of the Public Works Committee.

The southern part of the river has been cleared of trees and debris to speed its flow and cut down the threat of floods, but the winding water course was still unable to contain all the water built up by heavy snows and rain. Additional work will have to be done on the river with perhaps some dredging, and straightening of the course to insure protection against floods.

The appointment of James (Jake) Repp as chief deputy sheriff would appear to settle at least one part of the sheriff's contest three years from now, but it won't be long before other names of possible candidates start to appear.

The Republican primaries in 1968 will produce little fireworks at the local level with the possible exception of State's Attorney since incumbent Bruno Stanczak will probably step down.

About 1 million women in this country are overweight—this of course, is in round figures.

Your Congressman Reports....

By Cong. Robert McClory

Many contend that several Supreme Court decisions regarding criminal interrogation and confessions are responsible for the alarming increase in crimes of violence. However, the recent report of the President's Crime Commission apparently endorsed these decisions. Nevertheless, 7 members of the 19-man Commission voiced a vigorous dissent. These 7 experts (including 3 past presidents of the American Bar Association and all of whom have had experience in the prosecution of criminals) charge that the Supreme Court had made it all but impossible for police officials to effectively interrogate criminal suspects.

Two Supreme Court decisions in particular have hampered police efforts to curb crime. The first is the case of *Mallory v. United States* which held that confessions made by a person during a period of "unnecessary delay" prior to arraignment, are not admissible in evidence during a subsequent trial. How long a law enforcement official may question a suspect before bringing him into court is problematical. In the *Mallory* case, decided in 1957, seven and one-half hours appeared to be the rule. In 1962, three hours was held to be reasonable; in 1964, thirty minutes; and, in 1965, five minutes! Of course, in five minutes a guilty person would never confess. Unfortunately, an innocent person also must be subjected to the burden of a formal court arraignment under the present Supreme Court decisions whereas answering a few simple questions might exonerate him.

A second Supreme Court case, *Miranda v. Arizona*, has thrown an even more serious roadblock in the path of criminal investigations. In that case involving a prosecution for kidnapping and rape, the Court outlined a series of "do's and don'ts" for police officers. Broadly stated, the *Miranda* decision held that a criminal suspect being detained by the police must not only be advised (a) that he has a right to consult counsel, (b) that he has a constitutional right to remain silent, and (c) that his voluntary statements may be used against him at trial, but also (d) that he has right to the presence of counsel during interrogation and (e) that counsel will be provided him if he cannot afford it.

In his dissenting opinion in the *Miranda* case, Mr. Justice White said: "The result (of the majority holding) adds up to a judicial judgment that evidence from the accused should not be used against him in any way, whether compelled or not."

The well-spoken minority of the President's Commission, and this member of Congress as well, feel that the scales of justice have been tipped in favor of the criminal—and against the right of the public to be protected from crime. What is needed is greater concern for the law-abiding citizen instead of the criminal. Therefore, this Member of Congress has introduced a bill to insure that only the voluntary character of a confession or admission as determined under the circumstances of each case shall be considered in passing upon the admissibility of a confession or other self-incriminating statement.

Under this proposed legislation (H. R. 7092) when a confession or statement is offered in evidence, the trial judge shall exclude the jury and hear the evidence. If the trial judge determines that the confession was voluntarily given, he shall admit it in evidence and permit the jury to hear all the evidence as to the circumstances surrounding it in order to allow the jury to give the confession such weight as they feel it deserves. Thus, a jury which has the right to determine the issue of the defend-

Teacher Of The Week

Arthur Blecke, Dean of Boys and Director of Student Affairs.

Arthur Blecke

Arthur Blecke is one of the newest members of the Antioch Community High School staff, having come to ACHS at the start of this school year.

Mr. Blecke is Dean of boys, Director of Student Affairs, Director of Evening School, Director of Summer School and Director of Publicity.

He was born in Oak Park, then lived in Chicago. He attended Carl Schurz High School, then Wright Jr. High School. He earned a B.S. degree in Physical Education at the University of Illinois in 1950, and a Masters degree in Administration from Loyola University in 1967.

Mr. Blecke earned both athletic and scholastic honors during his high school and college years. He was a Jr. College All-American in baseball in 1946; a five-letter man in baseball and basketball in high school and college; won junior class scholastic honors at the U. of Ill. in 1948 and was elected to Phi Epsilon Kappa, a national Physical Education Honorary Fraternity in 1948.

Extra-curricular activities which Mr. Blecke has sponsored in previous years include varsity baseball (14 years); sophomore basketball, 6 years; varsity basketball, 8 years; sophomore football, 10 years; Letterman's Club, Model Builders Club, Senior class sponsor and gymnastics show Director.

Mr. Blecke is married to the former June Eckholm. They have three children. Bill, 17 years old, attends Antioch High School; Bob, 9 years old, attends Millburn Grade School, and Carol Ann, 3, is at home. His hobbies include athletics, model building and golf. He's a member of the Good Shepherd Lutheran Church Voters Assembly and is currently running for the Board of Education of Millburn District 24.

An article written by Mr. Blecke, "All-in-One—Fast Break Drill," was published in the Coaching Clinic of May, 1963.

Springfield Report

by Richard Lockhart

Should one county be treated differently than others?

Most State senators and representatives would probably say that all counties should be treated the same—in theory.

In actual fact, however, the Legislature is constantly being called upon to make legal distinctions between Cook County and the other 101 counties in Illinois.

One significant example came up recently. Another is pending and many others could easily be sighted.

Last week's prize was won by S.B. 37 and 38. Republic can refer to these bills as the Cook County Election Reform Bills. Democrats call them something entirely different. Essentially, these bills would place the election machinery in Cook County under a bipartisan control (it is now under Democratic control), and eliminate the present practice of providing assistance to voters who assert that they are illiterate.

The bills were passed by the Senate and by the House Elections Committee. However, when they reached 2nd Reading (or the amendment stage) in the House, the Democrats attempted to extend this legislation to the other 101 counties. (There, the election machinery is under the control of the county clerk, and most of them are Republican.)

The Democrats, in the minority, were out-voted and their amendment was defeated. Doubtless, these bills will now pass when they come up for a vote on 3rd Reading. Doubtless, Governor Kerner will veto the bills, and doubtless, the Republicans will try to pass them over his veto. This will fail, the veto will stand, and a campaign issue for 1968 will be born.

Another interesting Cook County proposal is pending, although it will probably not be a 1968 campaign issue. I refer to H.B. 580 and 590.

ant's guilt or innocence shall also have the right of deciding the voluntariness of a confession. This time-honored procedure, accepted and approved by the courts prior to the recent Supreme Court decisions should be restored by passage and approval of H. R. 7092.

These bills provide for the election of precinct captains (or committeemen) in Chicago and in suburban Cook County.

In 101 counties, the precinct captains are elected for two-year terms by the voters in their precinct. Obviously, the candidates must be residents of their precincts.

However, in Cook County only, it is the ward and the township committeemen who are elected, and they appoint the precinct captains who can be anyone, living anywhere.

Since Cook County legislators were nominated and elected last year via a political structure different than this proposal, the prospects for H.B. 589 and 590 are very bleak.

It illustrates the point that all counties are equal, but some are more equal than others.

(Richard Lockhart is the producer and moderator of "Your Man in Springfield," seen weekly on Tuesdays over Channel 11, 5:45 p.m.)

Phony Election Bills

Much was made through the news media about the defeat of the so-called "Republican election reform" Bills that we defeated on the floor on Wednesday. The writer of this column led the fight to defeat these Bills because they were complete "phonies" and were being used for political window dressing by the Republican Leadership, rather than sincere reform bills to safeguard our elections. The Republican Leadership knew that even had the Bills passed they would be vetoed by the Governor because they were unconstitutional. The "phony" spiel of the Republican Leadership was to have honest elections in Cook County, but they fought and defeated an amendment that called for the same provisions for honest elections in all 102 counties.

This writer has always campaigned and served on the principle that he was elected first to serve the people of his District, second the people of the entire state and third his party. I feel that anything less than this is not being a proper public official. When the Republicans are wrong, I refuse to support them. They put up a cry of "defector" when you do not vote party lines. However I would prefer to be called defector than a "phony" or a "hypocrite".

Due to the defeat of these Election Bills, they will now probably have to take them back to second reading and accept the amendment and consequently help to have honest elections in every County in Illinois. Consequently though we received considerable criticism from certain news media for our opposition to these "phony bills", we may have the end satisfaction of actually bringing sound election reform to the entire State of Illinois, an accomplishment for which we can always be proud long after the hue and cry is over with.

1 Billion Dollar Issue

The Republican Leadership in the House and Senate are vying with the Democrat Governor administration on what both sides hail as a great "progressive" step for you lucky people. The Governor is advocating a referendum for One Billion Dollar Bond Issue to provide for a vast program of land acquisition for parks, playgrounds, lakes and recreation - water conservation, air pollution, flood control and water pollution. The Republicans are launching on the exact same project only being "conservative". They are only asking for a mere 750 Million Dollars.

In case you good people are in the same category that I have always been and do not actually know how much a million dollars is, let alone a billion dollars. Let me explain that a stack of crisp new One Thousand Dollar Bills eight inches high represents One Million Dollars - a stack of crisp new One Thousand Dollar Bills 667 feet high represents One Billion Dollars - so now you know!

Both of these programs being offered by the two parties would carry referendums to be voted on at the next election by all the people of the State. I do not deny that it would be nice to have or to accomplish all the fine things envisioned in these proposals, however it does seem to me that with the crying need for more school aid, more aid for mental health, more highways, a sick situation on our teacher's retirement pension, etc. that we could better spend the money on these critical issues than on some of the aforementioned luxury items.

Gas Tax and Illinois Roads
The highways of Illinois have come under special surveillance due to the fact that an additional three cents a gallon tax on gas is being asked. In spite of the fact that some \$90 million a year is being spent on highway improvement, a report from secretary of State Paul Powell has focused attention on the fact that over 40 per cent of Illinois highways were either too narrow or in such bad condition as to be unable to serve the truck and passenger car traffic of today.

I am sure from my own

observations that in Lake County the figure would have to be greater than 40% as Lake County has had the short end of state highway improvement over the past 25 years. Our Lake County highways are a disgrace, and someone in authority is going to have to guarantee me that a goodly portion of the new tax will be used on Lake County Roads before I will even consider voting for any gas tax increase.

Honest Elections

A Republican sponsored bill to create an elected Board of Election Commissioners for Cook County was the subject of considerable debate on second reading as Representative Clyde Choate (D. Anna), the Minority Whip of the House, attempted to amend it on second reading to include all counties of the State. It is this writer's opinion that the Republican Leadership made a real "boo-boo" when they voted on Party lines to defeat this amendment. This writer and twelve other old Republicans voted with Rep. Choate on this amendment for two reasons: The first reason being that we agree Cook County should certainly have honest elections, but we also feel that every other County in the State should also have

Martha Hunter, village treasurer: "It has been my pleasure to serve the Village of Antioch as its treasurer since 1945. The best education one can receive is by serving."

honest elections. Secondly, had the amendment been adopted the Governor would have had no excuse to Veto the Bill. We now feel that he will veto it on constitutional grounds. This writer is always sorry to see either side, but especially the Republican side, use important issues such as this for "window dressing and/or political purposes." This is an example of Republican Leadership when directed from Cook County. With no reflections at all meant on our own fine County Clerk, it would seem that a Board of Election Commissioners would be in a better position to administer a fair and impartial election than a County Clerk who is now charged with this responsibility and is in a position of counting and overseeing his own votes when he is a candidate himself. The ballot box and vote is the only protest and defense a citizen has against public officials, and we should want to protect this sacred right; not only in

Good Turnout For ACHS Track Squad

The Antioch High School track squad took the Conference championship the last two years. Coach Roger Andrews is hopeful that the '67 team can repeat the performance.

Ty Walls was a valuable addition to the teams of the two preceding years. This year, Ty is ineligible because he's passed his eighteenth birthday. However, 67 boys came out for practice for the three squads this spring, and the varsity group has many outstanding individuals.

There are 15 seniors, 14 juniors, 16 sophomores and 22 freshmen out for track. "We're very happy with the good turnout," Coach Andrews said. "It's a good group."

This is how the varsity group shapes up in the various events: In the sprints, Bill Sheldon and Chuck Bistat; hurdles, Russ Barthel, Bob Murphy and Don Zeman; middle distance, Jim Litchfield, Blaine Backman, Dave Blagg and Dave Comstock; distance races, Tom Doolittle, Mike

Polley and Chuck Denman; Shot and Discus, Wayne Hansen and Bill Nader; pole vault, Don Zeman; high jump, Glen Oftedahl and long jump, Bill Sheldon.

On the Frosh-Soph squad the outstanding boys are: sprints, Paul Yuska, Don Koenig and Don Dill; hurdles, Rodney Boswell, John Schremer and Bob Truelson; middle distance, Bob Sheldon, Clarence Archer and Bob Biaggi; distance races, Don Jackson, Gary Doolittle and Lynn Barthel; shot put and discus, Fred Koch, Jim Polley and Rich Gange; pole vault, Rick Nelson; high jump, Don Dill, Rick Nelson; long jump, Bob Sheldon and Bob Biaggi.

"There are a few frosh-soph boys that may move up to the varsity in time," Andrews said. Paul Yuska could help in the sprints, Bob Biaggi in middle distance and Chuck Denman is already running on the varsity.

The varsity won their first meet, with Woodstock, by a score of 84 to 43.

Varsity Track Squad Takes First Meet

The Antioch varsity squad scored a victory in its first track meet of the season last Tuesday, defeating Woodstock, 84-43. The meet was held at Antioch.

The varsity will compete

at Waukegan Tuesday, April 18, against the Waukegan and Racine squads. Thursday, April 20, they will meet Warren there. Saturday, April 22, is the date for the Lake Forest Invitational.

Members of the varsity squad who took first place in last Tuesday's meet are: Chuck Bista, 100 yard dash; Jim Litchfield, 880; Russ Barthel, 180 yard low hurdles; Tom Doolittle, mile run; Chuck Bista, the 220; Bill Sheldon, long jump; Glen Oftedahl, high jump; Don Zeman, pole vault; Wayne Hansen, shot put and Hansen also in the discus.

Antioch also took first place in the 880 yard relay and in the mile relay.

Winners of second places on the Antioch squad were Mike Polley, the 2 mile event; Bob Murphy, 120 yard high hurdles; Bill Sheldon, 100 yards; Bob Murphy, 220 yards; Bill Nader, shot put and the discus.

Third places were taken by Chuck Denman, the 2 mile; Russ Barthel, the 120 yard high hurdles; Dave Comstock, the 440; Bob Murphy, the 180 yard low hurdle; Dan Smith, the 220, and Bob Diemer, the pole vault.

The four boys scoring the highest totals were: first, with 378 points (a perfect score is 400) Charles Diemer; second, with 371 points, Tom Aerne; third, with 368 points, John Prossie, and with 360 points, Gary Aerne.

Antioch High School uses the United States Marine Corps test, which includes five activities: Squad Thrusts (for one minute); Pushups, Sit-ups (two minutes); Pull-ups, and a 300 yard run. Because the tests were given indoors, it is impossible to operate the 300-yard run.

Each activity has a point value for the number of executions of the particular activity that are completed. A perfect score of 400 points would be earned by a boy executing 60 pushups, 18 pull-ups, 85 sit-ups (two minutes) and 41 squat thrusts (one minute).

Safely Comm. Says Buckle Up & Live

Just who is involved in Lake County's fatal accidents? 122 drivers were involved in the 82 fatal accidents which killed 112 persons in 1966.

Were these drivers strangers in Lake County? The Lake County Safety Commission's records show that 92 of the 122 were residents of Lake County. Fourteen were from Cook County, four from McHenry County, four from nearby Wisconsin, and eight from other places.

The Lake County Safety Commission says buckle up, even for a short trip. 89 of the 112 who died in Lake County traffic accidents last year were residents. Several of those would be alive today if they would have buckled up for the short trip.

SEAT BELT'S SAVE LIVES. USE THEM!

Spring Weather Makes Duck Crop

Whether or not Illinois hunters enjoy a good duck hunting season in 1967 will depend to a large extent on spring weather conditions in the ducks' northern great plains breeding grounds, according to Frank Bellrose, wildlife specialist with the Illinois Natural History Survey.

Last year favorable water and temperature conditions helped increase the mallard population. The result was the most successful duck hunting season in Illinois in nearly a decade.

This spring's migration has just passed its peak in Illinois. The unusually high migration through the state

Racing Season Opens Saturday, April 15

Waukegan Speedway goes into operation this Saturday night, April 15, with time trials at 7 p.m. and the first race at 8 p.m. There will be a Sunday night raffle for all April events.

The Saturday night race dates in April will feature both late model and modified stock cars, then on the first weekend in May (6 & 7) Waukegan will swing into its regular schedule of Saturday night late model racing with the modified races on Sunday night.

Experts predict the hottest championship race ever in Waukegan's late model division this season. A major rule change now in effect will see only 1960 and newer models entering competition. Rambler, Chevrolet, Chevy II, Ford, Falcon, Mustang, Chevelle, Dodge, Valiant and Buick will all be well represented this season.

Leading all entrants will be Jim Cossman, of Waukegan, who won the title last year. Cossman will put the same record-holding Chevy II back into competition this season in hopes of making it two straight driving crowns.

Cossman's biggest challenger last year was Dennis Burgan, of Old Mill Creek.

Burgan, the '63 and '65 champ, will drive a Plymouth Valiant in his title bid.

Harold Gutche, of Kenosha, will join in full-time competition at Waukegan this season. Gutche walked off with the late model championship at another track last year and will try to do the same at Waukegan this year in a '427 Ford.

Third-ranked Jack Ester, of Zion, will drive a '65 Chevrolet this season. North Zenko, of Highland Park, was voted "The Most Improved Driver" in the late models last year; he will enter a '65 Buick Skylark convertible.

This year there is a big swing to the 115 inch wheel-base Chevilles at Waukegan. Among those driving Chevilles will be Mel Dorland, Dave Evans, Ron Kalous, Bob Hopkins, Bob Kelly, Jim Pasley, Wayne Morgan and John Schmitt.

Other familiar names expected to be piloting late models include: Al Gutche, Willie Winchester, Ray Bush, Odell Jones, Steve Colson, Ralph Sinnen, Pete Brewer, Bob Anzinger, Toby Aaron, LeRoy Baldino, Jack Frost, Mike Wolff, Tim Seyl, Al Hagerty, Roger Hagl and many others.

Antioch High School Track Schedule

April 18, Tues. Waukegan-Racine, at Waukegan.

April 20, Thurs. Warren, There.

April 22, Sat. Lake Forest Invitational.

April 24, Mon. Grayslake Here.

April 29, Sat. Palatine Relays May 1, Mon. Waukegan; Here May 5, Fri. Salem Invitational May 6, Sat. Lake County Track Meet; Lake Zurich.

May 8, Mon. Round Lake-Carmel; Here.

May 13, Sat. State District; Evanston.

May 15, Mon. Lake Forest; Here.

May 18, Thurs. Grant; There.

May 19, 20, Fri., Sat. State Track Meet; Univ. of Illinois.

May 22, Mon. Lake Zurich; Here.

May 24, Wed. Zion-Benton; There.

May 27, Sat. Conference Meet; Waukegan.

Scout News

CUB SCOUT PACK 192

Cub Scout Pack 192 held its March Pack meeting Thursday, March 30, at the Antioch Scout House.

Flag Ceremony was presented by Den 1. Color guards were Larry Kitterman and Phil Lindberg.

Bob Cat Jerry Schmidt was welcomed into Pack 192.

Wolf awards went to David DeBoer, Larry Reckers, John Christensen, Paul Petty, Ken Pullen.

Joe Renfro and Bill Petty earned Bear awards.

James Parker and Art Meyer received year pins.

Denner awards were earned by Jim January, Tim Horton and Art Meyer.

Asst. Denner stripes went to James Parker, Joe Renfro and John Christensen.

Den 3 made hospital favors this month for Victory Memorial and County Hospitals.

Pack 192 extends their thanks to the State Bank of Antioch and Barnstable's Dept. Store for the use of their windows for Scout displays during Scout Week, and to Mrs. Betty Christensen for doing the display at Barnstable's. Mr. Hellstern did the display at State Bank.

Phil Lindberg presented a display and a demonstration of leather and its uses.

Mr. Joe Renfro gave a demonstration on the use of a table saw and its uses in Scout projects.

Den 2 presented a skit. The cubbers did a drill routine to the tune of Casey. The Cubbers enjoyed a hammer and nail relay race.

could be attributed to Illinois' sufficient water supply, a condition not found in the ducks' other flyways.

With the warming trend in the latter half of March, the duck migration has moved more rapidly, especially the mallards and pintails, early nesting ducks.

Choice of Doctors Made Haphazardly

The vast majority of Americans who move into new communities select their doctor the way they do their favorite supermarket: haphazardly. According to a recent study by two University of Kansas researchers, almost 65 per cent of newcomers asked their neighbors, co-workers, or other non-professional sources for doctors' names; instead of going to or phoning the nearest medical society or hospital for such guidance.

Wives made three-quarters of the physician selection decisions, husbands 11 per cent, and the rest were said to have been made jointly.

The 15 per cent of newcomers who were referred to doctors by their previous physicians or the local medical society or by nurses and pharmacists, were over 35 and in the upper middle-class group.

The race was won by Den 2. Cub Master Hellstern announced the Lad and Dad Outing and Cub-O-Rama would be held in May and he also thanked the Blue and Gold committee for the success of the Blue & Gold dinner in February.

Price ceilings are back. When most customers hear the price they hit the ceiling.

Animals in the Classroom

Children and animals go together, and in Mrs. Marie Davis's kindergarten at B. J. Hooper School, they usually have some kind of animal around for the children to watch or play with. Four weeks ago Tuesday, two duck eggs were brought to school in a ladies purse, from Weber's Duck Farm. The ducklings were just starting to peck their way out of their shells and when they were out they were placed in a cardboard box with an electric light bulb in it to furnish the heat needed. Now the ducks are getting to big for the box, and need more room, so Mrs. Davis is taking them home until they get their white feathers and then she will give them to someone who can take care of them. Mr. Hooper whom the school is named for, doesn't know it yet, but the little ducks are also named for him, B and J.

The children also have a white rat, named Domino. He has been in the school room since last October. Of course he is in a cage, so you mothers don't have to be afraid of going to visit the classroom. They also had a parakeet for a while. Before Mrs. Davis's dog, Sambo had to be put to sleep because he was too old, she used to bring him to school every year on his birthday. Everyone came to the room the last day he was there to say their good-byes. The Davis's have never replaced Sambo.

Card Parties

The Venetian Village Civic Association Women's Auxiliary is sponsoring a Card and Bunco Party, Saturday, April 15 at the Venetian Village Civic Hall. Donation of \$1.00 includes refreshments. The committee invites everyone to attend. Playing will start at 8:00 p. m.

The Altar and Rosary Sodality of Prince of Peace Church are having their annual Card and Bunco Party on Wednesday, April 19 at the church hall on Route 21, just north of Rte. 132. Games will start at 8:00 p. m.

In conjunction with the Card Party, Lasco's Greenhouse of Antioch will have a floral, figurines and pottery display. Theme of the gala will be "Welcome to Spring." Each lady attending will receive a token gift from Lasco's that is sure to please her. Mrs. Mary Cepon, chairman, is happy to report that she has had the assistance of 'charter members' of the Altar and Rosary Sodality assisting her in making this a profitable and memorable affair. The ladies have received lovely gifts from the merchants in the area and from the members. Donation of \$1.25 will include refreshments and door prizes, as well as table prizes.

Altar and Rosary Meeting Report

Mrs. Madge Gonzales is chairman of the 8th Annual Salad Bar Luncheon and Card Party, being planned by the Altar and Rosary Sodality of Prince of Peace Church. Assisting her will be Mrs. Mary Loblillo. The affair will be July 19 at noon. Circle the date on your calendar.

Mrs. Vernetta King reported that she delivered eight dozen cooked, and decorated eggs to Mount St. Joseph Home in Lake Zurich for retarded girls. The eggs were decorated by the Girl Scouts who are working to earn their Marian Award. The girls are under the leadership of Mrs. Gloria Mohar and Mrs. Esther Sokup.

The ladies were asked to donate home baked goods for a Bake Sale to be held at the church on April 30 after all Masses.

The Mother and Daughter Breakfast will be held at Smart's Restaurant in Antioch on Mother's Day, May 7, after the 8:00 o'clock Mass. Those planning to go should call Mrs. Ed Kovanda to make reservations. The ladies that attend every year say that they have a most pleasant time.

Guest speakers at the meeting were a Catholic, Jewish, White Protestant and a Negro lady. They told of their families and life and problems they sometimes encounter. The Negro seemed to have the most problems. She would sometimes be refused use of a rest room, motel or restaurant, because of her color. She is a teacher at a Waukegan Grade School. The members voted to give

the Lake Villa Rescue Squad an electric coffee maker, or \$20, if they had already been promised one. All organizations in the area have been asked to help them equip their new building. Thanks for their previous help, was given to the ladies in a letter read.

Anniversaries

Congratulations to Sig and Bea Kempfs on their 20th wedding anniversary, April 10.

To George and Evelyn Gilliland on their 20th anniversary, April 12.

And to Art and Jo Heindl, also celebrating their anniversary on April 10.

Birthdays

Many happy returns to Marie Golden on her 21st birthday, Lisa Hazel, Raymond Reinhart, Kate Nordness and Phyllis Beatty.

(Written for April 6 Issue)

Cub Scout Pack 84

Mrs. Anne Stieckler's Den opened Cub Scout Pack 84's meeting last Thursday at the Lindenhurst Civic Center. They told "What Cub Scouting means to me."

Hank Nauer introduced the four boys who are in his Webelos class, Bob Wismer, Steve Coles, Danny Huntington and Phil DuMelle.

Michael Cook was initiated into the Cub Scouts and clearly answered all the questions asked of him by "Ake-la" Jack Thompson.

Awards were presented to: Bill Szczesniak, gold arrow and wolf badge; Rocky Olson and Shawn Chapman, silver arrows; Mark Leavy, silver arrow and wolf badge; Greg Stangel and Jeff Stieckler, one year pins; Chuck Kleffner and David Mindak, two year pins.

Ron Roth handed out certificates of appreciation to Don Wismer, Ted Myslinski and Art Kimball. Also a beautiful plaque, to Mrs. Hilda Huntington, from her den in appreciation. She said she couldn't have received anything she would have liked more. She has resigned as den mother, since her boys have advanced in scouting, and is now working with the Campfire Girls.

Theme for March was "Spring." Mrs. Huntington's den had on display items they had made.

The Pinewood Derby was the important part of the meeting. The boys had been given the material to make the cars at Christmas and they were permitted to have their fathers help them. The cars were 7 inches long and 5 ounces was regulation weight. They had little men and other gadgets on them and were well made. The semi-finalists out of about 25 boys, were David Mindak, Steven Coles, Patrick Mauck, Steven Paige, Richard and Bruce Nauer and Joe Bourque and Steve Coles came in first and he received a trophy. Runners up, Steven Paige, Patrick Mauck, Joe Bourque and Richard Coles each received a gold medal. Running the race was Ron Roth, Clarence Kleffner, and Stanley Szczesniak, with Corby Golden as the starter. All the other boys who made a pinewood car, were given blue ribbons.

Ralph Stangle is Scout Master.

Birthday Party

Mark Nauer had a party last Friday to celebrate his sixth birthday. Having a ball were Jeff Thiel, Billy Johnson, Peter Ploss, Kevin Shanahan and Brian Paige. Mark received many nice gifts. In the evening they had a family party.

In California

Paul and Julia Pearson are visiting their daughters, Betty Siemon and her son, Tim, and Don and Jean Moller and their two sons in Red Bluff, California. They left here two weeks ago Wednesday and arrived there on Sunday. Since they sold their home and furnishings here, they will probably be spending the next year or so, just visiting their family until they decide where they want to settle down. They are the parents of Mary Shore.

Hospital Patients
Loren Lee (Lorrie) Lewis is a patient at St. Francis Hospital in Evanston. She went in last Wednesday, and expects to be there about two weeks. She is in traction for a back injury. A card sent to Room 555 will brighten her day.

Fred Wilms is home again after a very serious operation at Great Lakes Naval Hospital.

Rudolph Karsten is in Victory Memorial Hospital, scheduled to have surgery this week.

FLBA Honors Ten At 50th Anniversary

Ten men from three counties will be honored at the 50th Anniversary program of the Federal Land Bank Association of Woodstock for their contribution to agriculture.

The ten are Avery Vose of Antioch; Donald J. Adams, Waukegan; James P. Cannell, Capron; Paul Churchill, Belvidere; Henry Egerton, Woodstock; George Forgy, Woodstock; A. B. McConnell, Woodstock; Ray Nicholas, Grayslake; Don Peasley, Woodstock, and Wally Reynolds, Belvidere.

Avery A. Vose, prominent Lake County farmer, has served as president of the four-state Pure Milk Association for eight years. He is also chairman of the National Dairy Council and served as a member of the National American Dairy Association board.

Vose, who has dedicated his life to the dairy industry, in recent years has worked to gain better prices for dairy products. In this effort, the PMA has made significant strides.

Vose started as a fieldman for PMA, then worked for the farmer-cooperative at Joliet before joining Kraft Foods for a short time. He returned to PMA to operate the Kansasville plant, then joined his father on the family farm. He was elected District 6 director of PMA, then elevated to its presidency when Walter Winn retired. He served a year as treasurer before becoming

Twenty-two year old Bob Grant had to have his leg amputated last Tuesday, after being in the hospital since February 10, when he had on accident at Anchor Locking in Gurnee. A card sent to room 565 at Victory Memorial Hospital would cheer him up.

Pauline Heick is recuperating at home after being in a hospital patient. She was in traction for a back injury.

Our very best get well wishes to all these people and to those we haven't received word about.

Nite-Owls

Bert Harceg entertained the Nite-Owls Canasta Club last Friday evening. Two tables of cards were played, with Pat Verba choosing a pair of black trivets for her prize and Florence Gruszecki winning an apron and pot holder set at her table. Since they have three prizes, Georgia Sutherland drew high card and won a gravy boat for her prize.

Makes Dean's List

Once again Stan Sutherland has made the Dean's List at University of Illinois. Stan has been keeping himself busy Sunday nights by being the announcer on the student FM station down there, from 11 p. m. till 1 a. m. He picks the records, and edits the weather and news reports that he announces. He enjoys this line of work and would like to announce while he is home this summer. Any leads?

St. Mark's Lutheran Church

North Chicago Conference A.L.C.W. meeting at Trinity, at Long Lake Friday, April 14th. Registration at 9:30 a. m. Sessions will start at 10 a. m. and continue until 2:45 p. m. For reservations call Mrs. Edwin Erber as soon as possible.

Chaplain Ray Swierenga, recently returned from Viet Nam, will show pictures and speak at the next regular A.L.C.W. meeting, April 18.

Helpers and teachers will be needed for Vacation Bible School. If you are able to help, call Pastor Nelson or Mrs. Ray Rathmann.

A few of the events coming up are the Mother's Day Breakfast at Smart's Country House on May 14; the Father's Day Communion on June 11, and the Golf outing on July 9.

Approximately 30 men and women from Prince of Peace Church attended the Project Renewal meeting at St. Joseph's Church in Libertyville last Thursday. A 15 minute movie narrated by Jim Conway was shown. Archbishop Cody spoke of what was needed and how the money would be used, in the film. The people were told that they would work as partners when they would visit parishioners seeking pledges. The minimum to be taken would be \$300 for 30 months, 2 1/2 years. Another meeting is to be held April 6 at 8 p. m.

Ray T. Nicholas has served with distinction as the Lake County Farm Adviser since 1941. Nicholas has devoted almost all his life to the rural people of Lake County.

When he began in Lake County as a Farm Adviser, 75 per cent of his time was spent with farmers, 25 per cent with urban people. Today the percentage is reversed, 75 per cent of his time going to help the non-farmers.

The county 4-H membership has grown from 200 to 650 members since 1941. The county has changed from a major agricultural center to an urbanized community. His job is to bring the know-how of the agricultural Extension Service to the people of Lake County.

Nicholas reports a growing interest in 4-H horse projects. The county has about 250 boys and girls with this project.

Perhaps his greatest contribution has been the wholehearted dedication of himself to the young people through 4-H.

Don Peasley, active in public relations, news service and photography for 20 years, has been associated with agricultural organizations and projects since coming to McHenry as managing editor of the old Woodstock Journal in 1947.

Through his editing and writing, he has contributed significantly to the total understanding of agriculture and the business of farming through the Farm Bureau newspaper and the county press.

Donald Adams has been Lake County ASC manager for 12 years. He began serving Lake County farmers in 1936 as a community committeeman with the old Triple-A. For the past 2 1/2 years he has served as chairman of the Lake County Soil and Water Conservation District.

James P. Cannell has been the Illinois Agricultural Association District Director for four years. He served as president of the Boone County Livestock Feeders Assn. and as president of the Boone County Farm Bureau for five years.

Paul Churchill joined the Country Companies in 1930 as a special agent, and served until 1956 as an agent for Farm Bureau insurance.

Henry Edgerton has given the agricultural community in McHenry County strong leadership for ten years.

George Forgy is an outstanding vocational agricultural instructor. He has been at WCIA for 13 years. A. B. McConnell, known for his participation in state, county and local government, served as a member of the key House Agricultural committee of the Illinois House of Representatives for a dozen years.

Wallace E. Reynolds has been the Boone County Farm Adviser for seven years. He was assistant farm adviser in Lake County for 3 1/2 years before his shift to Boone County.

4-H'ers Hear Foreign Students

The Millburn Hornets 4-H Club members and their parents and friends heard Miss Nesta Foxen of South Africa and Andreas Milas of Cyprus speak about their native countries at a 4-H meeting held at Millburn School on Monday evening, April 10th. Miss Foxen and Andreas Milas, who are foreign exchange students attending Zion Benton High School this year, also showed slides of their country.

Membership in the 4-H Club has closed for this year. Members wishing to participate in the County Public Speaking or Demonstration Contests were told to begin preparations. Diane Walker reported the Share-the-Fun act for the County Festival in May is progressing.

Project reports were given by Edward Larsen on "Electric Cars"; Tom Mikulice on "Training and Grooming a Dairy Animal" and Richard Cermak gave a demonstration on "Splicing an Electric Wire."

Refreshments were served by the club.

New Scout Executive

The appointment of R. Brandon Meese, current program director of the North Shore Area Council, to become assistant scout executive was announced recently by E. A. Schwechel, Scout Executive. This appointment will be effective on April 15.

Meese, a veteran of 13 years of professional scouting, has served professionally in Detroit for six years and a total of seven years in the North Shore Area Council, beginning as district executive of the Northwest District and becoming director of program in 1966.

In his tenure as director of program, Meese has given leadership to the leadership training program of the council, its health and safety program, and its activities program.

In addition, Meese has served with the camping committee and as director of Camp Ma-Ka-Ja-Wan in 1965-66, a relationship he will carry again in 1967. During his tenure as director of Camp Ma-Ka-Ja-Wan the camp attendance has grown to record proportions.

Assisting the leadership of the campaign and the properties committee of the North Shore Area Council Meese has been instrumental in surveying new lands, and securing additional facilities for the Ma-Ka-Ja-Wan property, which this year will handle 1600 boys in four two-week periods.

Meese is an Eagle Scout, holder of the Explorer Silver Award, is a vigil member of the Order of the Arrow, is past president of the Libertyville Rotary Club, is a veteran of four years service in the United States Navy during the Korean conflict.

Meese is a resident of Libertyville since 1960 and is the father of four school age children.

Cancer Drive Underway

Morris Pickus, Crusade chairman of Antioch, urged residents of the area to pay close attention to the American Cancer Society volunteer

who will be calling on them during the month of April, cancer control month. While the cancer Crusade seeks much needed funds to expand the programs for the eventual control of the disease, Mr. Pickus stressed that this effort is far more than a fund appeal. It is an effort to help reduce the tragic loss of 5,000 lives needlessly to cancer in Illinois alone this year. There are approximately 1,200 patients being treated for cancer in Lake County and there will be close to 405 deaths this year—one-fourth of them needless.

Therefore, Mr. Pickus stresses that the Crusade takes on a special educational survey. The survey contains five simple questions whose answers will help the American Cancer Society strengthen its future programs of cancer control. But, even more important, Mr. Pickus noted that by answering these simple questions, individuals will be alerting themselves to some specific and simple steps which they can take to greatly increase their chances of self-protection against this disease.

Mr. Pickus pointed out that in no other disease is the individual himself so responsible for the outcome, and urged residents of Antioch to give serious attention to this confidential form by filling it out. The life you save could be your own or one of your loved ones.

Antioch's Postmaster at a Training session in Chicago. Left to right, Acting Postmaster Joseph Wolf of Antioch; Donald L. Swanson, Regional Director, Chicago, and Edward Hanlon, Acting Postmaster of Libertyville.

Wolf Attend Training Session

Acting Postmaster Joseph Wolf of Antioch, was one of thirteen from the State of Illinois to recently attend the Postmasters' Orientation Training for new postmasters at Chicago. He spent four days in Chicago at the Regional Headquarters learning first hand the further details of his job.

The Orientation and Training Program for new postmasters is part of the Post Office Department's new program to help all postal employees get a better understanding of their positions.

Also attending the Chicago Training Program were ten Acting Postmasters from the State of Michigan. During the days in Chicago the postmaster class met and discussed operation, personnel, accounting, and transportation problems with staff members of the Regional Office. Also included, was a trip through the vast Chicago Post Office, largest mail handling facility in the world.

Land Banks Observe Golden Anniversary

The Federal Land Bank Association of Woodstock, which serves farmers in Boone, Lake and McHenry counties, joins in a nationwide celebration with a golden anniversary dinner Monday night, April 3.

"This year marks the 50th year of the founding of the Federal Land Bank System," Charles Weingart, McHenry dairy farmer who is president of the farmer-owned credit cooperative, said today in announcing celebration plans.

"The FLBA has enabled farmers to have low-cost, long-term agricultural credit and has helped them become the world's greatest producers of food."

Today one American farmer produces food for 37 people. In 1917 the total was only 8.

The local FLBA will join the Federal Land Banks throughout the nation in a year-long public observance with the dinner of April 3 at the Woodstock Knights of Columbus Hall.

Ceremonies in Washington, D. C. are planned April 3 to coincide with the nationwide tribute.

A commemorative medal has been struck for the occasion, featuring the official insignia for the golden anniversary. These commemoratives will be awarded sparingly. Only 16 will be given to Illinois farmers. Frey said he feels fortunate that one farmer from this three-county FLBA will receive a commemorative medal.

In addition, ten certificates

of merit honoring local people for their contribution to agriculture will be presented at the April 3 affair—recognizing leaders from the three-county area.

As a memento of the historic occasion, the Woodstock FLBA will receive one of the commemorative medals for its own display and to recognize the contribution it has made to the betterment of farming.

Invited to the dinner are men who are agricultural leaders in the three counties. Determining who would receive invitations obviously was difficult but limitations forced a curtailment of the guest list, Frey observed.

Frey and the board of directors are planning the golden anniversary observance. Among invited guests are the former secretary-treasurers, Tay Timmons, Ralph Ostrander, and Everett L. Johnson, and former presidents—Louis Borchart, William Meyer and Ira Reed.

The Federal Land Bank serving this area is one headquartered at St. Louis. With in each Land Bank are Federal Land Bank Associations. The associations are individually chartered and are farmer-owned and farmer-controlled.

"Borrowed capital, obtained from a variety of lending institutions, is as necessary to today's farmers as his tractor or plow," Weingart asserted.

Many a man who misses his anniversary, catches it later.

Concert Of Sacred Music At Seminary

On Saturday, April 15 at 8:00 p.m., the Contemporary Arts Ensemble will present a program of compositions by William Ludtke in the auditorium of St. Mary of the Lake Seminary in Mundelein.

The Contemporary Arts Ensemble is dedicated to the performance of smaller vocal works by local composers. Saturday's concert will be devoted to sacred cantatas composed by William Ludtke. Mr. Ludtke, 25, is presently the organist and musical director at St. Peter and Paul Parish in Chicago. He has written many choral and instrumental works. Last December the Fourth Presbyterian Church performed his *Nativity According to St. Luke*. This sacred opera will be given its New York premiere this fall. Currently Mr. Ludtke is working on a ballet.

The Ensemble is made up of Emiko Suzuki and Diana Haskel, sopranos; Elizabeth Paul and Elizabeth Burton, mezzo-sopranos; Richard La Barge, bass; Lee Oler, flute; and Henry Onak, cello.

Texts for the cantatas are drawn from the Psalms, the Gospels, and the writings of St. John of the Cross and Heinrich Heine.

Saturday's program will be the third concert offered at the seminary by the Anton Bruckner Recital series. Previous concerts featured Rev. Edward McKenna, violinist, and Elizabeth Fischer, mezzo-soprano.

You Must Sign Tax Return

Northern Illinois taxpayers' signatures are an important part of their 1966 Federal income tax return.

"Your tax return is not complete unless you sign it," District Director of Internal Revenue E. C. Coyle, Jr., said.

If a married couple files a joint return, both taxpayers must sign, and the signatures should be identical to the printed names appearing at the top of the return.

To avoid delay in processing your return, be sure to sign it!

DEATH NOTICES

Sigfrid "Sam" J. Swanson

Mr. Sigfrid "Sam" J. Swanson, 81 yrs. old of Antioch, formerly of 4310 N. Wolcott in Chicago passed away at 3:30 p. m. on Thurs., April 6th, after a lingering illness in Zion Benton Hospital, where he had been confined for 8 days. He came to America in 1910 to reside in North Dakota where he farmed for several years before moving to Chicago. He had moved to Antioch Twsp. 1 year ago to live with his son Carrol A. Swanson. He married Amy Nelson on Nov. 2, 1918 in Chicago. He retired 6 yrs. ago as a carpenter and had been a contractor in the 1920's. Mr. Swanson is a 50 Yr. member of the Carpenters Local No. 58, a 50 yr. member of the Independent Order of Svithiod, and held membership in John Morton Lodge, and the I. O. O. F. Lodge, all of Chicago.

Survivors are his wife Amy—2 sons, Carrol A. Swanson (Antioch); Kenneth E. Swanson (Elk Grove, Ill.) and 3 grandchildren.

Funeral services were held at the Strang Funeral Home in Antioch at 1:00 p. m. on Saturday. Rev. Bruce Janes of the Lake Villa Community Methodist Church officiated. Interment was private.

Neal J. Kiley

Neal J. Kiley—48 Yrs. old of Antioch, passed away on Sunday April 9th, at 5:05 a. m. in Hines V. A. Hospital at Maywood, where he had been confined for 5 days. He was born May 25, 1918 in Chicago and moved to Pad-dock Lake in 1956, then Camp Lake, Wis. in 1960 and has resided at Antioch for the past 4 yrs. He had worked as a salesman. Mr. Kiley was a member of the Millburn Congregational Church—Silver Lake American Legion Post No. 293 and the International Brotherhood of Teamsters, Local No. 301 in Chicago. He had served in the U. S. Navy during World War II.

He is survived by 1 daughter, Mrs. Nancy Ovide Rein-eché (Indianapolis, Ind.); 2 sons Neal J. Kiley III (Haywood Calif.), Frank H. Kiley (Antioch); 1 brother, William J. Kiley (Park Ridge); 1 sister, Mrs. Maxine Rein (Des Plaines) and 4 grandchildren. Funeral services were held at 1:30 p. m. on Wed. at the Strang Funeral Home in Antioch. Rev. L. H. Messersmith of the Millburn Congregational Church officiated. Interment was in Home Oak Cemetery near Antioch.

Alice A. Anderson

Alice A. Anderson, nee Lings, age 81, of 49 Second Ave., Antioch died April 7, 1967 in Victory Memorial Hospital where she had been a patient for one day.

She was born in England and had lived in Antioch for the last 4 years. Mrs. Anderson was a 50 yr. member of the Irving Park Chapter, No. 7077 O. E. S., she was past Matron of the Ben Franklin Chapter No. 796 O. E. S. She was also a member of the Zenobia Temple D. of N.

Survivors include a son, Elroy K., two daughters-in-law, Ellen and Thelma Anderson, two grandchildren, Joan Tooure, Kenneth Jon Anderson, six great grandchildren, three sisters, Florence Conklin, Beatrice Dost, Ethel Brunsden and a brother Archie Lings. Her husband Charles, a son, Reginald and a brother, Percy preceded her in death.

Funeral services were at 1 p. m. Tuesday, April 11, at the Barron-Hall Funeral Home, 4332 Elston Ave., Chicago. Burial was in Acacia Park Cemetery.

Oakland Students Learn First Aid

The first Junior Red Cross course to be given at Oakland Grade School to eighth graders was concluded on April 7. Students who passed the rigid requirements received their certificates no April 11.

The course included treatments for burns, bruises, broken bones, sprains, and bleeding. The highlight of the course was a demonstration on mouth-to-mouth resuscitation given by Antioch Rescue Squad members Rod White and Gordon Volling.

The course was taught by Mrs. Mary Kern, science teacher, who also is an instructor for the American Red Cross.

Cancer Drive In "Tell Your Neighbor" Phase

The "Tell Your Neighbor" phase of the American Cancer Society's 1967 Crusade was launched in Lake County on April 1st.

At that time, William T. Sullivan, Crusade Chairman of Lake County Unit of the Society, announced 6,000 volunteers began distributing printed material containing life-saving facts about cancer and talking to their neighbors about the disease.

The Society has recruited and trained a task force of volunteers for special duty during the house-to-house phase of the annual Crusade. "Tell Your Neighbor" will emphasize the aspect of personal responsibility in the prevention and control of cancer," Mr. Sullivan said. "Half of all those who develop cancer could be saved through earlier detection and prompt treatment. Yet only one in three is actually saved. Also many cancers could be prevented through vigilance and proper action. The individual alone is responsible for getting to

a doctor in time for early detection and proper treatment. Every individual should know cancer's warning signals, should act promptly if one appears and in any event should have a health checkup once a year."

Concerned because studies have shown that only about 69 per cent of the people in the United States could name one of cancer's warning signals, the American Cancer Society this year is making a concentrated effort to make the public conscious of symptoms that could mean cancer.

The Society seeks to meet the challenge of too little knowledge through a new "action" leaflet entitled "Know Cancer's Warning Signals." Getting people to retain the leaflet is difficult, even though it contains valuable life-saving facts," Mr. Sullivan observed. "Now we have included in the leaflet detachable stickers—with the warning signals—which can be pasted on the medicine

Extension Promotes Safety On Highways

Because highway safety is one of Lake County's greatest problems, the University of Illinois Extension Service is planning a large meeting for all people in the county who can attend on Friday, April 14, at 7:30 p.m. at the Fairgrounds Auditorium on

Route 45, Grayslake. Records show that there were 112 highway fatalities in Lake County in 1966. Seven of them were children, 20 were teenagers, and 85 were adults. What can we do to make 1967 safer? Those who attend this meeting will have an opportunity to learn how to test themselves on driving skills, see a film on safe driving techniques, learn first-hand experiences on accidents and their prevention, and receive a gift.

Speakers of the evening are Robert Post, Director of Lake County Safety Commission, and Larry Williams, Country Company's Public Relations representative. Officers of the Home Economics Extension Council, Mrs. Alfred Ames, Program Chairman of Zion, and Mrs. Richard Wells, Health Chairman of Antioch, have worked out details of the program.

Home Adviser, Mrs. Helen Volk, and Farm Adviser, Ray T. Nicholas, are setting up a Driver Improvement Program which will be held after the April 14 meeting. Teen-agers and adults who are interested can enroll in this 8 hour class when they attend that evening. 4-H club members who are enrolled in the automotive project, or are planning to enroll, are expected to attend the meeting as it will be one of the required meetings for completing the project.

FTA To Observe Career Week

Governor Otto Kerner has proclaimed the week of April 6 through 14 as Future Teacher Career Week. In recognition of the event, the Antioch chapter of the Future Teachers of America has set Wednesday, April 12, as Future Teacher Career Day.

On Career Day, the members of the Antioch Chapter will each work with and teach for a teacher in the local school system.

April 13 to 15 are the dates set for the annual Illinois Assn. of Future Teachers of America convention. It will be held at Richwoods High School in Peoria Heights, Ill. The Antioch chapter is planning to send three students to the convention.

On April 22, the FTA is sponsoring a bake sale in the old Lyons & Ryan garage, from 9 a.m. to 1 p.m.

If enough money is made on the bake sale and other projects planned by the Antioch chapter, the local FTA plans to send four students to two summer workshops.

Tender, Loving Care Potent Medicine

New York (WMNS)—Children sick enough to require hospitalization for a week or longer should have their mothers rooming with them to assure the youngsters' emotional growth. This is what nurse-educator Claire M. Fagin concluded after careful study of 60 children aged 18 months to three years who were similar in almost every way but differed from one another in one significant respect: One group of children received visits from their mothers only during regular visiting hours. The other group of children were cared for by their mothers, who roomed in during the entire hospital stay.

According to Dr. Fagin, the latter group escaped entirely the usual signs of emotional regression found in hospitalized children separated from their mothers. Children whose mothers roomed in actually grew emotionally, according to Dr. Fagin, despite their strange surroundings and uncomfortable or painful experiences.

Dr. Fagin is assistant professor at New York University's School of Education as well as a graduate nurse.

Sales Taxes For 3-Month Period

Sales Taxes in Antioch for the month of October amounted to \$6,073.45; for the month of November, \$6,879.36, and for December, \$9,416.18.

Sales Taxes in Fox Lake for October were \$6,905.85; for November, \$6,537.54; and for December, \$10,332.30.

"The Remarkable Mr. Pennypacker" will be shown at Antioch High School at 2:30 p.m. Sunday, April 16, for the benefit of the Suraya Brook scholarship fund. Working on posters to publicize the play are, seated

left to right, Diane Hunt and Lark Hawkins. Standing, left to right, Mrs. Betty Scott, sponsor, Kenneth Smouse, director of the play, and Shanda Hester.

"Mr. Pennypacker" At PM&L Theatre

PM&L has prepared, rehearsed, and perfected another play which will offer Antioch area audiences four evenings of hilarious entertainment. *The Remarkable Mr. Pennypacker* by Liam O'Brien and directed by Josef Hunley will be presented April 14, 15, 21 and 22 at 8:30 p.m. at the PM&L Theatre, 877 Main St., Antioch.

A brief synopsis of the play as written as a preface to the script states "The first act of the play is a gem of comedy writing. Mr. Pennypacker is late in returning home this day to his eight children. A ninth youngster has joined them, with every evidence of

a right to the same heritage, except for living in Philadelphia. He has only come to Wilmington to warn 'his father' of an approaching sheriff.

"Pop's reaction to the interloper is a dead giveaway. So it comes out that he has another family of nine in Philadelphia, where business has always kept him on alternate months.

"Through the second act, Mother's pride seeks consolation in the hope that he deserted the Philly wife for her, not the other way around. Mr. Pennypacker, a man of principal, refuses to tell her. "In the third act it is put

up to the children to decide whether Mr. Pennypacker is right or wrong."

What the children decide is yours to find out, so PM&L urges you to come and enjoy an evening of relaxation and laughter.

The large cast for his production is Dr. Albert Bucar as Mr. Pennypacker, Mrs. Garet Oddsen as Mrs. Pennypacker, A. G. Ramsay from Ingleside as Grampa, Sue Bushnell from Lake Villa as Aunt Jane, Steve Krotz from Millburn as Wilbur, and Donald Beveroth from Paddock Lake, Wis. as Dr. Fifield.

The Pennypacker children are Chris Hunt, Jan Newton, Ainsley Brook, Linda Walpole, George Wren from Waukegan, Jay Horton, William Davis, Jerry Smouse, Gary Reckers, and Robert Hunley.

The ballet pupils are Stacy Wetherbee, Chris Walpole, Robin Hunley, and Debra Barton. Mr. Henry Apostol plays the sheriff, and Gary Strahan is both Quinlan and the policeman. All cast members are from Antioch unless otherwise indicated.

Tickets can be reserved by calling Mrs. Vivian Mapletorpe or can be purchased at the box office.

Avon Players Present 3 Act Comedy

"Dear Me, The Sky Is Falling," the final production by the Avon Players in their 1966-1967 "Little Theatre" season, is a three act comedy, packed with freshness, humor and sympathy, written by Leonard Spigelgass, and based on a story by Gertrude Berg and James Jaffee.

Mrs. Roger Imsande, with the English Department at Round Lake High School, is the Director, and Miss Marie McNeill, the Producer. The cast includes, Mrs. Gloria Blomgren, Miss Carol Lally, Mrs. Joanne Newman, Mrs. Myrtle Rosemeyer, Mrs. Virginia Lind, Mrs. Joan Ryan, Mrs. Frances Shay, Jim Queenan, Kent Newman, Bob Matthews, John Bidney and Roy Tidlund.

"Dear Me, The Sky Is Falling" may be seen at 8:30 p.m. on April 28, 29, and 30 in the Avon Auditorium, Rt. 83, three miles north of Grayslake. Tickets are now available from members of the Avon Players, at Hazel's Gift Shop, Center Street, Grayslake, or may be purchased at the door on production nights.

George Washington threw a silver dollar across the river. Now politicians think nothing of throwing millions across the ocean.

Spring cleanup. Buy a new electric range and get the wiring free.

(If you buy one with a self-cleaning oven you'll really clean up.)

It's a hard deal to beat.

You buy a new electric range—the necessary wiring will be installed free.

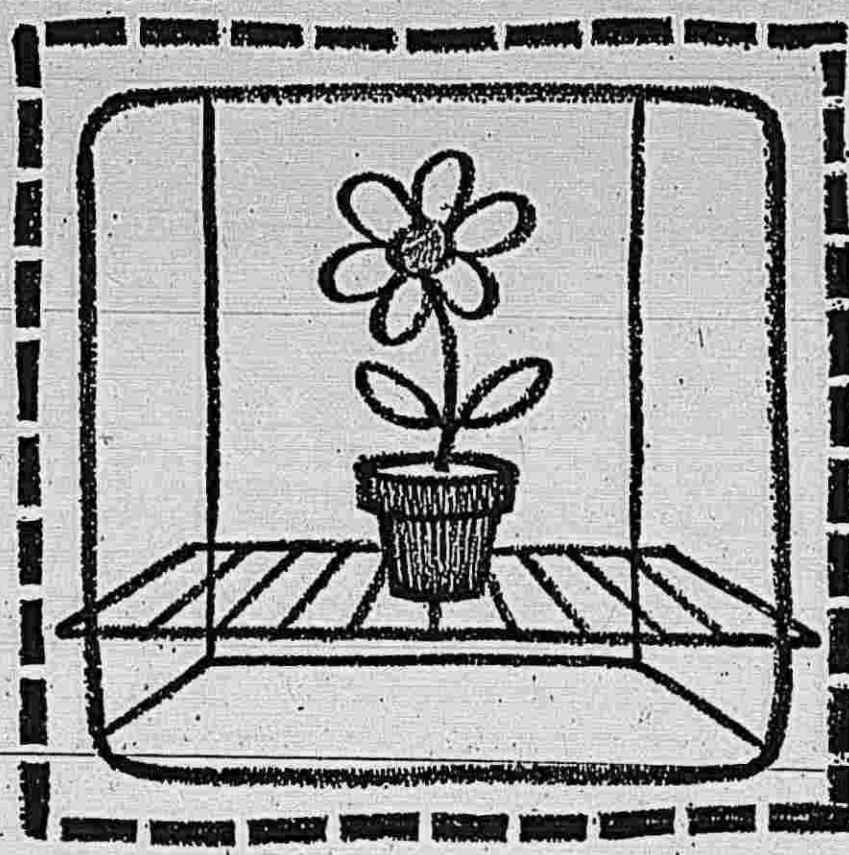

This offer can save you over \$100. (And you can add other heavy-duty appliances later.)

Make your new range one with a self-cleaning oven (if you want) and save even more. Because the new self-cleaning oven does a better job with about 8¢-worth of electricity than you could with a whole can of oven cleaner. Not to mention the savings in time and scrubbing.

So if you like saving money, see the modern electric ranges at your dealer's now. And take a particular look at the self-cleaning oven.

Commonwealth Edison Company

Cut out for your appliance store. Take me to your dealer. (He'll get the picture.)

FREE INSTALLATION OFFER. Now you can install a new electric range and get the wiring free. This offer applies, for a limited time only, to a standard wiring installation for a new electric range in any single-family dwelling or, for all new electric ranges in a two or three-apartment building served by Commonwealth Edison.

SATISFACTION GUARANTEED. If within 60 days you are not completely satisfied with your new electric range, Commonwealth Edison guarantees full refund of your purchase price. See your dealer for details.

The bright new ideas are Electric.

ZONING NOTICE of PUBLIC RE-HEARING Village of Antioch, Illinois

TO WHOM IT MAY CONCERN:

A public re-hearing will be held in the Village Hall, 874 Main Street, Antioch, Illinois, on Tuesday, the 25th day of April, 1967, at 8:00 p.m. Central Standard Time on the following:

Petitioner: Charles R. Koulman and Theresa H. Koulman, his wife.

Location or Address of Property involved: Northwest corner of Main and Second Streets (unimproved lot).

Change in classification sought: From R-2 One-Family Dwelling to R-5 Multiple Dwelling District to permit the petitioners to improve the real estate with a one-story, brick, four apartment building.

Legal Description: Lot 1 in Block B in Craig's Subdivision of part of the North West quarter of Section 8, Township 46 North, Range 10, East of the 3rd P.M., according to the Plat thereof, recorded November 6, 1914, as Doc. No. 106112 in Book "J" of Plats, page 24, in Lake County, Illinois.

All persons desiring to appear and be heard for or against said re-zoning may appear at said hearing and be heard thereon.

Dated this 11th day of April, 1967.

(Signed)

FREDERICK J. WALPOLE
Village of Antioch
Zoning Board of Appeals
Frederick J. Walpole

News "In And Around" The Salem Area

By Del Jahneke

Birthday Party

Jimmy Moeller of Salem celebrated his sixth birthday with a party at his parent's home, for both family and friends, on April 5th. Cub Pack Meeting

The Salem Cub Scout Pack No. 28 recently held their regular meeting at the Salem Consolidated Grade School. The theme of the month was the "Handyman" Show and Tell. The boys made foot scrapers, step stools, key holders, and recipe holders. Mike Terry of Paddock Lake, went through the ceremony of "Crossing the Bridge" graduating from the Webelos Den to the Boy Scout Troop. Trained Leader's insignia were presented to Mrs. Marilyn Marshall; Mrs. John Southmayd; M. Roy Darre; and Mr. Ralph McClary. Refreshments were served by the Webelos Den and Den 8, with Mrs. James McCormack, Mr. Ralph Rau and Mr. R.

McClary, as the "host" committee.

Cub Pack No. 28 was well represented at the April 1st "Wonderful World of Scouting," held at Carthage College in Kenosha. Cub Pack No. 28 specialized in pipe cleaner craft, and were awarded first prize. The Cubbers who won badges for selling 10 tickets for this event are James McCormack; Peter Darre; Steve Glasman; Greg Hartman; Curt Eckberg; Kenney Keisler; Doug Paddock; and Guy Neau. James McCormack won an airplane ride over Kenosha for selling 42 tickets; and Steve Glasman received the "Mystery House" gift, which was a set

of walkie-talkie's.

The Richard Rosentreter III, family of Niles, were Sunday guests at the William Moeller home. Mrs. Rosentreter is Mr. Moeller's sister.

Susan Moeller, daughter of Mr. and Mrs. Roy Darre, Salem, held a birthday party for her neighbors and friends, on April 3rd, to celebrate her sixth birthday.

If all the people who go to sleep in church were laid end to end, they would be more comfortable.

Socialized medicine could be described as a group of women at a bridge party talking about their operations.

do pennies make a difference in your food bill?

You bet they do.

And we should know.

We built our business by saving pennies
for generations of folks like you.

For instance, take our policy on multiple-priced items.

If an item is priced 3 for 25¢, the price for one is obviously 9¢.

But what happens if you want two?

Do you pay 2 times 9¢ or 18¢?

Not at A&P.

We sell it at 2 for 17¢.

That's the fair way—the A&P way.

Yes, in the food business...

in food budgeting, pennies make a difference.

We watch them for you and for us.

Is this a good reason for shopping A&P? It's one of many.

Antioch Lumber & Coal Company Celebrates

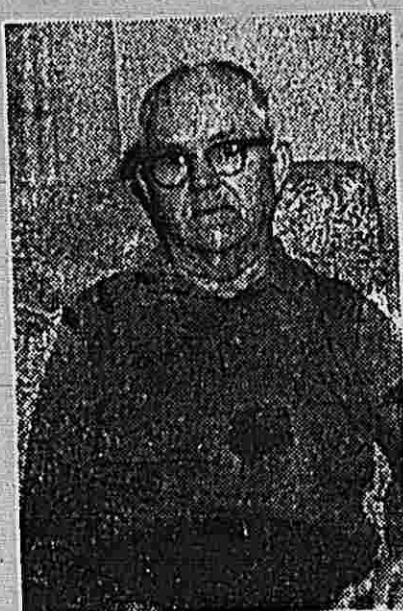

their 50th Anniversary

1917 -- Serving Antioch and Surrounding Area for 50 Years -- 1967

Edmund F. Vos

President of the Antioch Lumber & Coal Co. and civic leader. A resident of Antioch since 1921. He served on the Antioch village board for 12 years; is a charter member of the Antioch Lions Club; a member of the Moose Lodge throughout his adult years; a Director of the Lake County Water District, and a Director of the First National Bank of Antioch and of the Lake Villa Trust & Savings Bank.

Roman B. Vos
Retired General Manager

Until 1952, this was the home of Antioch Lumber & Coal Co. This building stood where the present modern building stands, at the corner of Depot and Corona Sts.

This modern new structure was built in 1952, and still houses the thriving business of Antioch Lumber & Coal Co.

Pfc. Patrick Killed In Vietnam

Twenty year old Marine Pfc. Daniel G. Patrick of Salem, Wis., became the first victim of the Viet Nam war from the Antioch area on April 5.

The parents of the young Marine were notified of his death from gunshot wounds on April 5. He was engaged in an operation in Thua Thien in Viet Nam at the time of his death.

Patrick enlisted in the Marine Corps in February, 1966. He had been overseas since October, 1966. His first assignment was aboard the U. S. S. Vancouver, as Tactical Logistics Operator, during the major invasion of the Mekong Delta.

He had been in Viet Nam since January of this year and served as Radio Operator for Headquarters and Support Communications, attached to the 1st Bn., 9th Marines, who engaged in Search and Destroy operations.

Pfc. Daniel was born in

Waukegan, July 30, 1946. He was a member of Holy Name Parish at Wilmet and of the Holy Name Society of the church. He graduated from Holy Name Grade School and St. Joseph's High School in Kenosha. He attended the University of Wisconsin in Kenosha.

His survivors, in addition to his parents, are his paternal grandfather, Byron Patrick; Mr. and Mrs. Ray Patrick and family of Kenosha, an aunt and uncle; maternal survivors in Cork City, Ireland, Mr. and Mrs. R. P. Murphy and family and Mr. and Mrs. William Carty and family, aunts and uncles.

He was preceded in death by his maternal grandparents, Mr. and Mrs. Daniel F. Carty, Ireland and by his paternal grandmother, Mrs. Mildred K. Patrick of Salem.

Services will be announced from the Strang Funeral Home in Antioch when word is received of the arrival of the body of the young Marine.

Elect School Board Members

Along with the election of members of the Boards of Education at local schools, Grass Lake School passed a referendum approving a 21c hike in the educational tax by a vote of 245 to 195.

This was the fourth try for the educational tax raise at Grass Lake. Marilyn Haling and William Belz won seats on the Board of Education at Grass Lake.

Mrs. Haling had 278 votes, Belz had 236 and the losing candidate, Mrs. Lorraine Cerk, had 198.

At Antioch Grade School, incumbent Mrs. Joan Toft

and R. Wayne Polsgrove won the three-year terms. Robert Burns defeated Townsend Barlow for the one-year term.

Polsgrove had the most votes, 172; Mrs. Toft received 157, and the third candidate, Clyde Frad, had 72. Burns drew 126 votes to Barlow's 81.

Emmons School has a board of directors. Incumbent Donald Fischer was the only nominee and was re-elected.

There was no contest at Antioch High School and William Brook and William Petty were elected.

Bomber Training Flights May Cause Sonic Booms

OFFUT AFB, Neb.—Supersonic training flights by Strategic Air Command B-58 Hustler bombers will be flown between April 1 and Sept. 27, from near New Ulm, Minn., to near Kenosha, Wisconsin.

Starting in a southeasterly direction near New Ulm, they will continue in a straight line passing near Owatonna and Rushford, Minn., near Chaseburg, Lineridge and Watertown, Wis. The bombers will turn south-southeast near Watertown, Wis., and continue in a straight line passing near Big Bend and Sturtevant, Wis. They will pass north of Kenosha to a termination point over Lake Michigan.

An Army Nike unit will use radar and radio signals to determine accuracy of simulated drops, since SAC aircraft do not carry bombs on these training flights.

In order to reduce sonic booms over major cities, target selections are made to bypass them or to allow de-

celeration to subsonic speeds before reaching them.

The bombers will fly a maximum of two runs daily at supersonic speeds up to Mach 1.65 (1,100 m.p.h.). Although sometimes startling or distracting in their suddenness, sonic booms will not injure people or cause damage to a structurally sound building because of the B-58's high altitude (above 35,000 feet.)

NI-Gas Lowers Gas Rates

The Illinois Commerce Commission, through its chairman, James W. Karber, announced that Northern Illinois Gas Company has filed new lower rate schedules.

Karber said the reductions, which will save NI-Gas customers more than \$2½ million a year, resulted from continuing joint studies being made by the five commission members and the commission staff with representatives of the utility. The lower rates will become effective May 1.

The Commission reported the cuts will benefit 700,000 residential space heating customers, and 55,000 commercial and industrial customers, including 1,800 schools.

William J. Crowley, NI-Gas executive vice-president, said this is the company's seventh major rate reduction since 1962. "The average residential space heating customer in our service territory will pay approximately \$25 less next winter than he did five years ago—under normal weather conditions," Crowley stated.

Simple Measures Avert Heart Attack

Hanover, N. J.—If men and women heed such signs of an impending heart attack as shortness of breath, faintness, vague chest pains, and fatigue, and report these at once to their physician, he may be able to help them avert their attack. This is what Dr. John S. LaDue, associate professor of clinical medicine at Cornell University Medical School in New York, told physicians attending a recent medical meeting.

According to Dr. LaDue,

O.K. Emergency Operating Center For State Officials

Col. Donovan M. Vance, State Director of Civil Defense announced today that Governor Kerner signed S. B. 111 which appropriates \$50,895 additional which has been matched by the Federal Government for the modification of the former power house at 111 East Monroe into an Emergency Operating Center for the State. The Emergency Operating Center will serve as the headquarters for the Governor and other State Officials in time of emergency. The same area will be used for the office of the State Civil Defense Agency.

Modification of the structure which is just across the street from the State House and can be reached through existing tunnels, will meet the federal requirements for State Emergency Operating Centers making the modification eligible for Federal Matching Funds. Shielding from radio-active fallout, decontamination facilities for personnel assigned to the center, special communications facilities and emergen-

cy standby power are among some of the major features of the modification. Appreciable savings have been made by having off duty facilities for emergency operating center personnel in other parts of the capitol complex where sufficient shielding is available.

The work has started on the main floor of the building and the facility will be ready for Civil Defense to occupy later this year. The Agency is now located in temporary quarters at the State Fairgrounds, the 4th floor of the Illinois Building.

Salem Central To Present "Li'l Abner"

Salem Central High School will present Li'l Abner, April 14-15, in the school gymnasium. Curtain time for both nights will be 8 p.m.

The play is a delightful musical comedy based on the book by Norman Panama and Melvin Frank with characters created by Al Capp. The production is concerned with the antics in Dogpatch when the U. S. Government decides that it is the most useless place in the country and is suitable for an atomic bombing site.

Music for the production will be supplied by the school's band. There are no reserved tickets for the show.

Breath Sweeteners Breed Decay

Dallas, Tex. (WMNS)—The state of dental health in this country is not good. That was the message from a recent dental meeting held here.

Speaker after speaker blamed excessive consumption of candy, gum, chewy foods, soft drinks, pies and cakes, and "breath sweeteners" for increasing dental decay near the gum line.

Widespread misconceptions concerning the beneficial effect of vitamins on gum conditions were blamed for delays in seeking dental care.

Only 16% of Americans brush their teeth more than twice a day—although dentists recommend careful brushing after each meal.

Dentures, anyone? A moderate-income is one which comes within a moderate distance of covering moderate expenses.

Penny postal cards were first used in 1873.

Paper is the fifth largest industry in the United States.

Tornadoes Common In This Area, Says Red Cross

A tornado is the most violent of all wind storms, says the man responsible for American Red Cross disaster aid in the five counties surrounding Chicago's Loop.

James Pittsford, Red Cross disaster chairman, says tornadoes are more common in the southern and central parts of the United States, but that a dozen funnels were sighted in Chicago and surrounding towns last year.

County Residents Support Bond Sales

Lake county residents purchased a total of \$930,620 in series E and II United States savings bonds in January according to Philip L. Speidel, Lake Forest, Ill., general county chairman of the savings bonds committee.

Sales in the state of Illinois were \$36,302,564, according to Arnold J. Rauen, state director of the Treasury Department's savings bond division. This is an increase of 14.3% over sales for last January and accounts for 74% of national sales which were \$492,000,000. National sales were the highest for any month since January 1963 and were 4% over 1966. As of January 31 the dollar amount of series E and II savings bonds outstanding was \$50.3 billion.

preventive steps that doctors can recommend be taken are weight control, sensible exercise, avoidance of fatigue and tension. Elimination of saturated fat is important, too, he notes.

Ten In Race ...

plewood, has lived in Antioch two years. Before that, he lived in Bristol, Wis. Schroeder is an electrician with Magaw Electric in Kenosha. He also sells real estate with his father, Al Schroeder, a real estate dealer in Antioch with an office on Main St.

He and his wife, Sheila, have three children—Paul, 8, attends Oakland Grade School, and Elaine, 6, and Barbara, 4. They are members of St. Peter's Church.

Schroeder is vice president of the Oakwood Knolls Property Association. He feels that Oakwood Knolls should have representation on the village board. "Actually, I'm in favor of the ward type of government," he says. "With board members elected from each area of the village, so that each area will be represented on the board."

Schroeder attended Marquette University.

Steve O'Higgins, 364 Lakewood, has lived in the Antioch area six years and in Oakwood Knolls two years. He and his wife, Barbara, have four children: Stephanie O'Higgins, 17; Pete, 16; Terry, 15 and Betty Sue, 13. O'Higgins works for Hough Co. in Libertyville. He's originally from Chicago and attended Waller High School.

Taxpayer Must Check His Return

Taxpayers are responsible for all entries and supporting documents in their Federal income tax returns. Taxpayers planning to seek help on their 1966 returns should keep this in mind: District Director of Internal Revenue E. C. Coyle, Jr., said today.

No matter who prepares the taxpayer himself is responsible for the correctness of it. This means that he will be responsible for full payment of any additional tax, penalties, and interest that may result from any incorrectly prepared return. Taxpayers should, therefore, be wary of the tax practitioner who guarantees a tax refund on returns he prepares.

Bridge Match Nears End of First Round

Final rounds in the Lions Club Bridge tournament are to be played by Monday, April 17.

Some of the players have finished their first round of play and here are some of the final scores: the team of Zaida Vos and Millie Gaston, 8840, in Group 1. The team of Olson-Beitzel in this group have a score of over 10,000, with only three games played. In Group 2, Art and Norma Meierdick have scored 8,550 points in their four games. In Group 3, Mrs. Lillie Petty and Ellen Tossey have totaled 9,790 in four games.

In Group 4, none of the teams has completed the four games.

Women love to shop, but the husband gets a charge out of it, too.

A Pharmacist's Diploma

That diploma is more than just a piece of paper... it signifies that the holder has completed years of study at an accredited pharmacy college, plus a period of practical work under a registered pharmacist, and is qualified to serve your needs!

Phone 395-0022

He and his wife are active in the Band Parents Association at Antioch Grade School. "I'm interested in the town, and in civic affairs," Mr. O'Higgins said of his candidacy for the village board.

INDEPENDENTS

Richard Daniel, Charles Cermak, Eugene Diemer and George Boyd are running for the board as Independent candidates.

Richard Daniel, 484 Lake St., is vice president of the State Bank of Antioch. He's married and has two daughters, Charmaine, in high school, and Karen, in the 8th grade at St. Peter's School. He has lived in Antioch six years.

Mr. Daniel is a member of the Board of Directors of the Lions Club; president of St. Peter's Holy Name Society and a member of the Knights of Columbus.

"I'm running for the board because I feel that I'm qualified and that I could do a good job," Dick said. "I'm interested in Antioch. There is no particular thing that I'd like to change—I'm not running in opposition to anything the board has done."

Eugene Diemer is a plumbing contractor. He lives at 665 Lake St. with his wife and seven children. The children range from twins in kindergarten to a senior in high school.

The Diemers have lived in Antioch 19 years. However, they had a summer home here before that. He's a member of the Antioch Fire Department and of the Knights of Columbus.

Charles Cermak has lived in Antioch most of his life. He has been engaged in the Real Estate and Insurance business in Antioch for 20 years. "This has given me considerable knowledge of Antioch," Charles says.

Mr. Cermak is a World War veteran; was president for two years of the Waukegan Lake County Board of Realtors; chairman of the Legislative Committee of the Ill. Assn. of Real Estate Boards; president for two years of the Antioch Chamber of Commerce; chairman of the Red Cross drive; chairman of the Lake County Tuberculosis Assn. Christmas Seal Drive; past Scoutmaster of the Antioch Boy Scouts; member of the Antioch Chamber of Commerce; Antioch Lions Club, Antioch Legion Post, Disabled Veterans, and Antioch

Moose Lodge. "Antioch is and has been my home town, and always will be," Cermak said. "I'm a candidate for the village board because many of my friends and business acquaintances begged me to run for the office. When elected, I promise to continue with the progress which the Mayor and Board of Trustees have been carrying on and enhance the progress of Antioch, making it a better place to live and work."

Switch to gas heat now. It makes sense.

Because we'll finance the conversion to gas through your heating contractor. Terms: No down payment. No payment until October 1, 1967. Up to 5 years to pay. Payments as low as \$3 a month.

Because if you live in a typical, insulated home with a basement, gas heat will save you \$92 a year over oil heat, \$97 a year over hand-fired coal heat, and \$317 a year over electric resistance heat.

Because with gas heat you'll be rid of expensive maintenance, costly repairs. And because you'll have no delivery problems, you'll have peace of mind. (You can put your own price tag on that!)

Because clean, comfortable, dependable gas heat saves you money from the very start. In fact, your savings soon pay for the cost of conversion.

And it also makes sense—when you heat with gas, why not cool with gas? Ask your contractor about adding gas air conditioning, too. (We'll finance both.)

Northern Illinois Gas Company

Addressing 50-odd packages to go overseas is no small chore but these workers are still smiling as they near the end of the chore. Seated, left to right, Gertrude Good and Postmaster Joe Wolf. Standing, Henry Greve.

Some Interest Payments Deductible From Tax

You can deduct on Federal income tax returns certain interest payments including interest paid on bank loans, personal debts, and home mortgages, if you elect to itemize your deductions, the Internal Revenue Service said today.

A portion of so-called "carrying charges" paid on installment purchases of automobiles, television sets, and payments for educational services may also be deducted.

Where carrying charges are separately stated but the interest charge cannot be determined, the deduction is limited to an amount equal to 6% of the average unpaid monthly balance on the installment contract, or the portion of the total carrying charge allocable to the year, whichever is less.

Sometimes money is borrowed on a discount basis.

That is, the interest is subtracted in advance and a note is signed for an amount larger than you receive. If you use the cash method, the interest may be deducted only as you make payments on the note. If you use the accrual method, you may deduct the interest as it accrues.

Taxpayers cannot deduct interest paid on money borrowed to buy tax exempt securities or single premium life insurance, nor interest paid for another person if the taxpayer has no legal obligation to pay it. The denial of interest deduction, subject to certain exceptions, also pertains to life insurance, endowment, or annuity contract purchase plans which contemplate systematic direct or indirect borrowing of part or all of the increases in cash value of such contract.

A tax collector has what it takes to take what you've got.

More People Visit State Parks In 1965

For the second year three Illinois state parks attracted over 1,000,000 visitors each, James W. McMillen, state parks and memorials supervisor, reported. Total 1966 attendance for state parks, memorials, conservation and access areas was 10,879,961, a new high.

Again Illinois Beach State Park, between Waukegan and Zion along the Lake Michigan shore, attracted the largest attendance with its swimming, nature area and spacious lodge. Visitors numbered 1,761,372, compared to 1,511,435 in 1965.

Starved Rock remained the second most popular park with 1,580,154 persons enjoying its outstanding recreational features. Kankakee River State Park, which straddles the beautiful Kankakee River for seven miles, had over a million visitors for the first time. Attendance there was 1,101,694.

Antioch Driver Hurt In Accident

Daid Mair, 17, of 1022 Osmond Ave., Antioch, was injured Friday night, March 31, when the car he was driving swerved into the wrong lane and hit a car driven by Rosebud Sunich of Channahon Lake.

Mair said the wheel of his car dropped off the road and he cut back too sharply, going into the wrong lane. The accident happened on Route 31 north of McHenry near the Johnsonburg Road intersection. A passenger in the car driven by Mrs. Sunich, Martha Yurs of Richmond, was also slightly injured.

Cancer Crusade Chairman Appeals For Volunteers

With the organization of the American Cancer Society's 1967 educational and fund-raising drive rapidly taking shape, the Lake County Cancer Crusade Chairman has issued an appeal for "additional urgently needed volunteers."

William T. Sullivan said that while the response from those wishing to serve as volunteers in the fight against cancer has been enthusiastic, "many more workers are needed if an outstanding job is to be done."

He explained that the volunteer "is the life-blood of the Society's fight against cancer. It is the volunteer who helps save lives now and holds out the promise of helping save many more in the future."

Mr. Sullivan quoted from one of the first calls for volunteers in the fight against cancer, made 30 years ago. At that time fewer than one out of five was being saved from cancer, now it is one out of three.

The call of 30 years ago said: "When the dead and dying of cancer are regarded in a similar light to the slain and wounded on a field of battle, the same compulsion that leads to victory against an invading army will operate in the struggle to vanquish this disease."

Review Return Before Mailing

Here's a word of advice from the Internal Revenue Service: After you prepare your 1966 Federal income tax return, it is a good idea to set it aside for a day or so and then give it a thorough review before you mail it.

District Director of Internal Revenue, E. C. Coyle, Jr., said that Northern Illinois taxpayers who heed this advice often find omitted income or deductions, or errors in arithmetic. A review of the return may disclose that the taxpayer failed to provide his name address, social security number or listed it incorrectly, did not attach all copies of Form W-2, or forgot to sign the return.

This review will be time well spent as it may prevent delays in processing the return and will speed up any refund due, Mr. Coyle says.

P.T.A. Awards Scholarships

Winners of the annual scholarships given by the Antioch High School P. T. A. were announced at the April 5 meeting of the organization.

A \$200 scholarship was awarded to James Greer. Kris Borchardt received a \$150 scholarship and Lois Herman was chosen as alternate.

Officers for the coming year were elected and installed. Mrs. Ruth White was chosen as president; Edward Taylor, vice president; Mrs. Beverly Reckers, secretary, and Robert Krieger, treasurer.

The outgoing officers are Francis Mitchell, president; Mrs. Jane Craner, vice president; Mrs. Ida Wysoglad, treasurer, and Mrs. Marion Dobszaf, secretary.

As It Happens —

(continued from page 2)
Cook County but all over the State of Illinois.

County Board Present

Many members of the Lake County Board of Supervisors were present in the Capitol last week lead by their Chairman, the Honorable Lloyd Murrie of Antioch. They were co-hosts at a cocktail party for many of the Legislators and button-holing them real effectively on many Legislative matters, such as control of public nuisances as to smoke, noise, garbage, obnoxious smells, removal of old unlicensed cars, control of dogs, etc. They also, of course, did express more than a passing interest in the Bill to eliminate the Supervisor and replace him with a County Board of Commissioners. I expect we can understand their concern about this Bill without thinking too deeply on the subject! They did make a very favorable impression as the ones there were all fine and knowledgeable men.

Down to Business
After this week the Chicago Mayor's election will be over and the political show on the floor of the House should subside and the Governor will then very shortly bring in his Budget for the next two years. The Legislature will then have to face facts and say, "this we can do" ... "this we can't do", as the Budget will surely hit six billion dollars and the incoming Revenue will not!

It's Our 1st Anniversary...

To All Our Friends:
Our new home has been such a source of satisfaction to us over the past year, that we felt a birthday celebration was truly necessary. The faith we have in our community which caused us to plan our change of location has been more than justified by your interest and support. We hope that you can spend a few moments with us on Saturday in order that we may thank each of you personally.

With real appreciation,
William E. Brook
